## Customer Reviews

The ANSEL ADAMS 2017 WALL CALENDAR is the same as the one sold in retail bookstores at year's end, but I like to buy it from as soon as it is offered (usually in July). That way, I can write in appointments from the upcoming year as soon as they are scheduled. (Each year's calendar includes a full page for January of the following year, but my advance appointments usually extend beyond January.) The main reason that I buy this calendar, year after year, is that the extra-large date boxes provide ample space for recording all of my family's medical appointments, upcoming meetings and activities, and other date-related reminders. I always save each used calendar as a quick reference for that entire year's appointments and activities. When hanging up, open to a full month, the calendar measures 15-1/2" wide by 25" long. The monthly photo and calendar pages

each measure 15-1/2" wide by 12-1/2" long. Each month's calendar page includes a mini-calendar for last month and next month, and indicates holidays, moon phases, and important items like daylight savings time changes. The black and white photographs by Ansel Adams are beautiful, and every year's selection is different.

It's Ansel Adams and it's next year's Ansel Adams Calendar. How could it be less than 5 stars. My year isn't right if one of these isn't hanging on my wall. I tried once.... I couldn't survive with an ordinary National Parks Calendar or Art or anything else. Ansel Adams rocks. And the calendar is great quality. Don't hesitate - get it!

Beautiful and the size of the daily squares make it quite functional.

Beautiful photos. Great wall calendar.
