RW: Rachel Whiteread (Tate Modern Artists)

Synopsis

Rachel Whiteread solidifies space. Employing materials that include concrete, plaster, resin and rubber to mould not the objects themselves but the areas within or around them, she has single-handedly expanded the parameters of contemporary sculpture. Part of the Modern Artists series.

Customer Reviews

This is a great retrospective of Rachel Whiteread's works to date. Good bio and background about the artist, with detailed descriptions of some of her major pieces. Pictures are good, some full-page, although I'm not very fond of photos that are split by the book spine.
