## **Customer Reviews**

I ordered this for a trip that involved several hours on an airplane, a layover, and several more hours on an airplane, followed by a hotel stay then a cruise then the same air schedule for the trip home. This kept my daughter busy and happy for HOURS! At 15-years-old she's not exactly a child, but she still had to be kept out of my hair. Pairing this with her Relax Playlist from her iPod and I had 1 happy teenage girl.

I especially like the small size of these books. I often need to sit with my feet up and the small size make it easiest to have it in my lap and still keep my markers handy. The designs are of just the right size (not too tiny--my eyes are failing me). Thank you!

Loved these pics and the size!
