The Art Of The Last Of Us

Synopsis

Naughty Dog Studios and Dark Horse proudly present the essential companion to The Last of Us, a richly detailed and compelling game set in a postpandemic world where humans have become an endangered species. Featuring concept art, character designs, and astonishing settings and landscapes, The Art of The Last of Us provides a unique look at one of the gaming world's most eagerly anticipated titles. * A must-have companion to the game. * Incredible full-color artwork! * The latest project from Naughty Dog Studios. * The Last of Us swept the top Game Critics awards at 2012's E3 conference.

Customer Reviews

The Art of The Last of Us by Dark Horse Books is a must for any Last of Us fan. The book is 176 pages and they load the pages with art so there's little wasted space. With this book you will get many variations of the characters and environments. Although with the characters I found that almost every single one is a frontal pose of a character with variations in clothing, the face, or something like that. This is not bad since there are a lot of them and they cover a lot of characters but I wish there were more angles and such, but none the less its still amazing. The Book is divided into 7 chapters. 1. The Introduction is 2 pages and just talks about the creators making the game and stuff. 2. Joel and Ellie is 16 pages and has lots of different poses and variations of the two. There is commentary by the artists about what went through their minds when making the sketches and such which really lets you understand what they were thinking when they made the characters.

Also they have pictures of how they were going to have Ellie look but switched to how she actually does look so that was cool to see how they first wanted her to look.³The Journey is 93 pages and has sketches and pictures of a bunch of characters and scenes that you encounter throughout the game. There's soldiers, thugs, some of the other main characters, and plenty of abandoned house and buildings. There is lots of content here and the pages are jam packed. The concept art of the environments are really detailed and have excellent lighting.⁴ The Infected is 29 pages and has lots of the different infected monsters. The pictures put you up close and personal to the infected and lets you see all the grossest features.
