## Customer Reviews

I chose this book because it had a lot of Johnny Cash songs in it. There were some that it didn't have, but that is to be expected. I would recommend it to anyone who likes Johnny Cash music.

I returned this. As a guitar chord book, it stinks. If you want lyrics (which is all I found it useful for, for a guitar player), look them up online. If you're looking for the real chords, buy the "Guitar Recorded Version" book, "Best of Johnny Cash" by Hal Leonard.

A very good book. A lot of his music and written to be played easily. Well worth the money.

Nice book and a lot of his songs.
