Customer Reviews

The Faber & Faber supplemental books often repeat pieces throughout the series in ever more complex arrangements. These ones are quite easy but have a satisfying sound exciting to students of any age who are exploring basic chords. I highly recommend this book.

Some more peices to play i like it. Came as describe and it arrived very quikly and in new condition yaaaa.

My twin granddaughters love this book!

This book is just ok. Not a lot of recognizable songs for my 9 year old which makes playing them not so fun.
