Customer Reviews

I had ordered all four volumes and sent them all back. The pictures are awesome and have fantastic detail, but they don't have any writing that tells you where the castle is nor what the name of the castle is. If you just like castles then this would be great. If you are like me and want to know more about that castle then no.

Not really a coloring book since all the pictures are more than 50% gray. Outside edge lines are blurry and insides are filled with gray tones so very unappealing as a coloring book, and there is no info about any of the castles depicted...not even names for them. Cheaply made from scans of photos. Not worth the money.

Bought as a gift; nicest image is on cover. Images look like xeroxes of lifted photos run through PhotoShop emboss/edges filter. Annoyingly no notes about where or what the photos are of . . . I'm guessing that adding this info might make back tracking copyright infringement easier.

This is a horrible coloring book!! Can hardly make out the picture!! Do NOT waste your money!! This is not the only book I bought by Alicia Lasey.....and it's the same way! A blind man can draw a better picture to color!!!

love it
