Where Did Our Love Go
You Can't Hurry Love
You Keep Me
Hangin' On
You're All I Need To Get By
You've Made Me So Very Happy
You've Really Got A Hold
On Me

This book is great if your a musician like myself. It has all my favorites and it's great to have the words to some of the best songs recorded ever. I loved it and recommend it to any mucian looking for Motown material.

Excellent book. A tremendous amount of #1 hits from the 50's, 60's, 70's and 80's. It will take some time to play all of the songs. I find the music sheets easily playable on electric piano, bass and accoustic guitar. The print isn't large, but adequate. The hit songs included are way too many to list here. Buy the book; I don't think you'll be disappointed. I'm not.

This is a good compendium of all the songs that we think of as "Motown", coming out from 1960-late 70's. I used "Baby I Need Your Lovin'" and "Baby Love" for a baby shower; I'm sure I'll be able to use others for period parties as well. Arrangements are nothing to write home about but pretty easy to play.

Great book for out neighborhood sing alongs. Very nice selection of songs. Definitely not a beginner book. I'm an intermediate player. Found the arrangements good, not too hard not too easy. Just right.

I'm a singer who's taking lessons and I'm glad there's a songbook for these beautiful songs. I may have to adjust the key of some of the songs to make them sound the way the motown singers sang them.

Great book, newly learning the piano and it has all the songs I loved growing up and then some. Everything in one place, makes it so much easier that I don't have to hunt down all over the internet looking for songs.

Maybe it's my fault but this book is way too difficult to read for someone that's used to sight-reading real books. The accompaniment is a reduction of the full band- it's nuts. Great for an excellent

sight-reader, though. Good luck!
