Customer Reviews

If you like romantic style, English country style, garden style, wallpapers, Victorian style, like I do, then you'll enjoy the many color photos in this book. There are also quite a few photos which are a bit more "rustic" than I personally prefer. The book contains many color photographs, and also some black and white sketches which are equally inspiring. The text which accompanies each photograph is fairly detailed. The book provides ideas for furniture, architectural (interior) details, window and bed treatments, flooring, displaying collections, etc.

I wish I could live there so anything I can find about decorating and the way of life in the UK, I am thrilled. I think the decor is timeless and no need for change.

The photos and artwork in this book are beautiful. I love the style. Liked the book so much I ordered it for a friend.

Wonderful book!!! I've thoroughly enjoyed it and I keep going back to it and finding new things each

time I do! Truly lovely book!

Vintage book, but I like the style. It is dated but for the look its also somewhat timeless. It reminded me of my GrandMa's house.

Interesting book with nice photos. Keep it out on the coffee table.
