Anne Frank: The Diary Of A Young Girl: The Definitive Edition

Synopsis

Anne Frank's The Diary of a Young Girl is among the most enduring documents of the twentieth century. Since its publication in 1947, it has been read by tens of millions of people all over the world. It remains a beloved and deeply admired testament to the indestructible nature of the human spirit. Restored in this Definitive Edition are diary entries that were omitted from the original edition. These passages, which constitute 30 percent more material, reinforce the fact that Anne was first and foremost a teenage girl, not a remote and flawless symbol. She fretted about and tried to cope with her own sexuality. Like many young girls, she often found herself in disagreements with her mother. And like any teenager, she veered between the carefree nature of a child and the full-fledged sorrow of an adult. Anne emerges more human, more vulnerable and more vital than ever. Anne Frank and her family, fleeing the horrors of Nazi occupation, hid in the back of an Amsterdam warehouse for two years. She was thirteen when she went into the Secret Annex with her family. --This text refers to an out of print or unavailable edition of this title.

Book Information

Audible Audio Edition

Listening Length: 9 hoursÂ andÂ 55 minutes

Program Type: Audiobook

Version: Unabridged

ASIN: B003NYOBPA

Best Sellers Rank: #5 inÂ Books > Audible Audiobooks > History > Europe #20 inÂ Books > Audible Audiobooks > Biographies & Memoirs > Historical & Political Figures #27 inÂ Books > History > World > Jewish > Holocaust

Customer Reviews

Imagine that someday you are remembered for all eternity at a very particular time and at a very particular age. You could be remembered forever as being 25 on September the 11th or you could be remembered as being 44 when JFK was shot. It seems awfully cruel for someone to be remembered between the ages of 13 to 15. Do you remember what you were like at that age? Would you want anyone to think of you as that old for as long as your name is remembered? Such

is the fate of Anne Frank. Now, I never read this book when I was young. High schools, in my experience, tend to assign the play version of this story when they want to convey Anne Frank's tale. Anne tends to be remembered as the little girl who once wrote, "I still believe that people are really good at heart" in spite of her sufferings. So I should be forgiven for expecting this book to be the dewy-eyed suppositions of a saintly little girl. Instead, I found someone with verve, complexity, and a personality that I did not always particularly like. What I discovered, was the true Anne Frank. The diary of Anne begins when she is 13 years of age and the Jews are already wearing yellow stars in Amsterdam. Anne is your usual precocious girl, flirting with boys and being impudent when she can get away with it. When at last the time comes for the Franks to go into hiding (Margot Frank, Anne's sister, has been issued an order for her removal) they do so with another family, the Van Daans. In a small floor hidden above Otto Frank's old workplace the two families are aided by faithful friends and employees. Over the course of the diary we watch and listen through Anne's eyes as, for two years, the people in the attic are put through terrible deprivations and trials.

I had the wonderful opportunity to visit Germany and Austria for two weeks (I just got back two days ago, in fact), and one of the most poignant memories was my trip to KLB, or Konzentration Lager Buchenwald. Better known simply as Buchenwald, it was a labor camp filled primarily with political prisoners, Gypsies, Jews, homosexuals and other "untermenschen", distinguishing it from the death camps of Auschwitz and Dachau. Despite its nature as a "mere" labor camp, thousands died there and were incinerated in the specially constructed crematorium there (which, ironically enough, was placed in viewing distance of the specially constructed zoo and pleasure zone built for the officers' families). Walking through those silent halls and down the treaded paths of history, I was struck for the first time in my life of the awful truth that was the Holocaust - not simply that 6 million Jews were eradicated, along with millions of others. 6 million is simply a number, "full of sound and fury," but also "signifying nothing." To understand the Holocaust (if one can understand such a thing at all), you simply have to look into the cell of a soon to be dead prisoner; to stand in the mustering ground of the prisoners' barracks and feel the hard gravel crunch beneath your feet; to peer into the terrifyingly etched interior of a human oven and let your mind try to wander its way through it all; to imagine, at the end of all other imaginings, what it must've felt like to live HERE. Not 6 million. Just you. Or someone you love. THAT'S why Anne Frank and her diary will live on. Not because it's a well written example of literary prowess. Not because it has a magnificent plot. Not because it has lasting value as a work of literature.
