Angels Flight: A Harry Bosch Novel

Synopsis

An activist attorney is killed in a cute little L.A. trolley called Angels Flight, far from Harry Bosch's Hollywood turf. But the case is so explosive - and the dead man's enemies inside the L.A.P.D. are so numerous - that it falls to Harry to solve it. Now the streets are superheating. Harry's year-old Vegas marriage is unraveling. And the hunt for a killer is leading Harry to another high-profile L.A. murder case, one where every cop had a motive. The question is, did any have the guts?

Book Information

Audible Audio Edition

Listening Length: 12 hours and 52 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Hachette Audio

Audible.com Release Date: June 4, 2013

Procedurals #74 in Books > Audible Audiobooks > Mysteries & Thrillers > Suspense #226

in Books > Mystery, Thriller & Suspense > Mystery > Police Procedurals

Customer Reviews

Ever since I read Connelly's **The Black Echo**, the first of the Harry Bosch mysteries, I've been hooked on these wonderfully complex, fabulously written novels. Bosch is (predictably) "hard-boiled and melancholy, but with a heart of gold," as befits this venerable fictional genre. Yes, there are many, MANY cop/P.I. detective series out there, but in my estimation, Connelly's Bosch series is the best, and **Angels Flight** shows why. The theme in this novel is the atmosphere of racial distrust and recriminations against the Los Angeles police that has emerged in the wake of the Rodney King cases and the O.J. Simpson trial. Connelly succeeds for the most part in capturing the tragic essence of what has been wrought by the legacy of police misconduct and the African American reaction to it in the city of angels. Not surprisingly, he is most effective in presenting the police perspective here: the outrage and frustration at the deterioration of police credibility in the community overall; the combination of anger and grudging admiration that a get-the-police black attorney might elicit from conscientious police professionals; the increasing disillusionment as the politicization of police affairs becomes ever more complete. If there is a weakness in Connelly's

adventuresome foray into political territory, it's related to the delicate and difficult race-related theme he has addressed here. To succeed totally in this endeavor, Connelly must navigate through some extremely tricky sociological issues, and it becomes apparent that he might be in a bit over his head in this regard. When attempting to provide the African American perspective on police presence and conduct in LA, for example, Connelly does a decent but not outstanding job.
