Synopsis

What time is it? Adventure Time! Explore the magical world of Ooo with Jake the Dog and Finn the Human, along with the Ice King, Princess Bubblegum, Marceline the Vampire Queen, and all your favorite Adventure Time characters, in this New York Times bestselling companion book to Cartoon Network's hit animated series. Written and compiled by the Lord of Evil himself, The Adventure Time Encyclopaedia matches the playful, subversive tone of the television series, detailing everything anyone will ever need to know about the postapocalyptic land of Ooo and its inhabitants's secret lore and spells, fun places you should visit and places where you will probably die, whom to marry and whom not to marry, how to make friends and destroy your enemies's plus hand-written marginalia by Finn, Jake, and Marceline. An indispensable guide to the show fans love to watch, this side-splittingly funny love letter to Adventure Time is sure to appeal to readers of all ages. Heck yeah!

From the Back Cover: Written by the Lord of Evil Himself, Hunson Abadeer (a.k.a. Marceline the Vampire Queen's dad), to instruct and confound the demonic citizenry of the Nightosphere, The Adventure Time Encyclopaedia is perhaps the most dangerous book in history. Although seemingly a guidebook to the Land of Ooo and its postapocalyptic inhabitants, it is in fact an amusing nightmare of literary pitfalls, bombastic brain-boggles, and ancient texts designed to drive the reader mad. Complete with secret lore and wizard spells, fun places you should visit and places where you will probably die, advice on whom to marry and whom not to marry, and how to make friends and destroy your enemies, this volume includes hand-written marginalia by Finn, Jake, and Marceline. Arguably the greatest encyclopaedia ever written since the beginning of the cosmos, it is also an indispensable companion to humans and demons who know what time it is: Adventure Time!

Customer Reviews

I had preordered this book quite a while ago, and to my unequivocal happiness, the Adventure Time Encyclopaedia turned out to be utterly awesome! If you are new to the Adventure Time universe, or if you are a day-one fan, or if you just want some information on a show that enlightens your conversations with your kids, this is the book to do it. You will notice two things the instant you get this book in your hands. 1) The format is a bit smaller than most other "encyclopedias", and 2) The quality is immediately evident the minute you open the cover. Some readers have complained about the size of this book, but I have to say, the 'digest' size of The Adventure Time Encyclopaedia is absolutely perfect for a number of reasons. It is easier to carry along with you wherever you go, it fits into most bags, backpacks, briefcases, etc.. rather easily, and it doesn't take up wasted space on your bookshelf. I have noticed a large number of publishers migrating to this particular size and I am glad that they are. The quality of this book is amazing in that it keeps with the unique art style and character designs of the show, but casts a whole new light on the land of OOO. Everything that we know and love is new again. EVERY piece of art in this book is a masterpiece, even more so if you are an Adventure Time fan, and it really brings the text to life while putting a big grin on the readers face. The layout of the book is perfect. The Adventure Time Encyclopaedia is made out to be "authored" by Marceline's father, Hunson Abadeer, and so right off the bat we are treated to specific warnings telling us not to continue to read for fear of terrible things happening to the 'unworthy readers' and one of the most unique, and reassuring, forwards in any book I've read.
